Sir:

This is being filed contemporaneously with a Notice to File Missing Parts of Application dated February 17, 1998. The above-identified application is a file wrapper continuation (FWC) of serial no. 08/807,864 filed February 26, 1997. In the '864 application a Notice to File Missing Parts of Application dated May 23, 1997, stated that the application failed to comply with the Sequence Rules 37 C.F.R. §§1.821 *et seq.* The FWC application was filed prior to correction of defects in the Sequence Listing. The first mentioned Notice to File Missing Parts does not call for a corrected Sequence Listing, however, Applicants anticipate the eventual need and therefore respectfully request that this Amendment and Submission of Sequence Listing be entered.
